STETTIN SNOW SEASON

This past winter has been memorable. We have had several problems that need to be addressed. Plowing snow across the roads from your driveway is not allowed. It freezes solid and can damage our snowplows. If it is necessary to bring our front end loader to move the snow, we will charge you \$100/hour, with a minimum of \$50.

When you are cleaning your driveway, please put the snow on the left side facing your driveway from the road, so our plow does not put it back in your driveway.

The garbage containers should not be placed closer to the road than your mailbox, so the plow driver can clear the road as close as possible to your mailbox.

The Town will not be responsible for damages to mailboxes, caused by snowplowing. Our drivers use the utmost care to avoid damage.
